

Environmental Policy Statement

Introduction

Key Enviro Solutions Ltd seek to minimise the impact of our operations on the environment through the pursuit of good business practices and by fulfilling our legal obligations.

Our objective is to provide a sound and manageable framework of good environmental practice within all of our operating sites. Our Environmental Management System is documented, implemented and maintained and communicated to all employees. Where we are operating on client sites we will work with their Environmental Management Representative in achieving shared goals and objectives in line with the client's own systems.

Key Enviro Solutions Ltd continue to implement and operate the ISO-14001 Environmental Management System to further enhance environmental performance and protect the environment.

Our main operational commitments are to:

1. Understand each site's legal obligations and ensure compliance.
2. Design and implement environmental management systems to enable the reduction, reuse and recycling of general waste and packaging materials.
3. Help our clients to improve energy efficiency and reduce energy waste.
4. Take all measures to prevent pollution.
5. We are committed to the process of continual improvement.
6. We are committed to meet or exceed relevant environmental legislation, regulations and other requirements.
7. Endeavour to purchase from suppliers who share our concern over the environment and take measures to ensure their own operations reflect this concern. Whenever possible we use products from sustainable resources.
8. Make all employees aware of this environmental policy whilst providing suitable training to improve environmental awareness and, allocating clear responsibilities.
9. Monitor, evaluate and continually improve performance in line with the objectives.

This policy statement and system, including significant aspects, will be communicated to all parties interested in the performance of our environmental management system, including the public on request

Approval

This statement has been approved by the KES board of directors who will review and update it annually.
