

Health & Safety Policy Statement

Introduction

Key Enviro Solutions Ltd always commit to ensuring a safe and healthy environment for employees, clients, contractors and others affected by our activities. Key Enviro Solutions are committed to the prevention of ill health and injury and continuously aim to improve our management and performance.

Key Enviro Solutions will manage our Health & Safety by:

1. Preventing accidental injuries and ill health by making suitable assessments and implementing appropriate control measures that are reasonably practicable.
2. As a minimum KES will comply with, all health and safety legislative requirements applicable to our activities, together with any client specific requirements.
3. Setting corporate health and safety objectives annually and by reviewing progress towards these at all management meetings.
4. Consulting with employees on matters affecting their health and safety and encourage active participation to maintain and improve standards.
5. Provide and maintain safe and healthy premises.
6. Providing and maintaining safe work equipment,
7. Ensure safe handling and use of substances;
8. Ensuring employees are sufficiently competent to complete their tasks, providing information, instruction, training and supervision as required, to ensure safe and healthy working is maintained.
9. Managing contractors and ensuring they are suitably competent to manage the health and safety aspects of their activities;
10. Monitoring health and safety standards by completing regular KPI audits / inspections, and to investigate accidents, near misses and cases of work-related ill health.

Approval

This statement has been approved by the KES board of directors who will review and update it annually.
